

SPIS TREŚCI

TABLE OF CONTENTS

I. Mechatronics technician

1	Mechatronics technician	6
2	Physical quantities, parameters, units, technical drawing	13
3	Materials science	21
4	Construction of mechatronics elements	31
5	Mechatronic equipment	44
6	Installation of mechatronic elements, equipment and systems	58
7	Pneumatics and hydraulics	66
8	Robotics	75
9	PLC & CNC	83
10	CAD/CAM Environment	91
11	Maintenance and servicing of mechatronic systems	97
12	Summer internship/permanent job	105
13	Occupational health and safety in mechatronics	115

II. Electronics technician

14	Electronic components and circuits	124
15	Tools and materials	133
16	Installation of electronic materials	143
17	Computer network installation	151
18	Television installations	162
19	Security systems installations	172
20	Industrial controllers	179
21	Audio-video systems and loudspeakers	189
22	Display devices	203
23	Electronic devices quality control	213
24	Internship and a permanent job in electronic industry personal and social competences / qualities	222
25	Occupational health and safety in electronic industry	237
	Vocabulary List	253
