## ZADANIE:

Poniżej znajdują się profile 3 osób poszukujących samochodu.

Proszę o wybranie 1 osoby. Na podstawie opisu wymagań i potrzeb danej osoby, znajdź dla niej odpowiedni samochód (np. na stronie otomoto.pl).

Następnie uzupełnij informacje na temat wybranego samochodu (my recommendation) oraz uzasadnij swój wybór (why this car?) w 3-4 zdaniach.

Po zakończeniu zadania przedstaw swoją rekomendację klasie.

## PROFILE 1 - ABOUT ME:

I am a father of an 18-year-old, who has just received his driving licence. I am looking for a car for him.

We are both huge fans of German car industry, especially Audi.

The car needs to be a hatchback with a powerful petrol engine. Preferable colour: black.

Leather seats, alloy wheels and tinted windows are a must!

My budget is 25,000 PLN.

## PROFILE 2 - ABOUT ME:

I am a secondary school teacher thinking of changing my 2014 Toyota Yaris to something newer and slightly bigger.

I want a city car with a petrol or hybrid engine. I am into Japanese cars, however, German and Korean makes would be acceptable as well. Colours: black, grey or white.

The car needs to be accident-free and with a low mileage.

My budget: 60,000 PLN.

## PROFILE 3 - ABOUT ME:

I am a 60-year-old, self-employed man. I am looking for a comfortable car, preferably SUV, that I could use on a daily basis for work, but also for travelling abroad with my family (we go skiing in the Alps twice a year).

A big boot is a must! Safety, comfort and a good soundsystem are my top priorities. I would also like the car to be brand new.

My budget is 250,000 PLN.
